

Our Technology Partners

Scientiam brings the best of technology to you in one place to make your financial journey as easy as possible.

We have commercial contracts and relationships with the following providers which are at arm's length i.e. we receive no fees from investment products or commission of any kind.

Moroku

Moroku is our tech partner who are contracted to build and maintain the investment application engine.

SLOCOACH

SLOCOACH is an innovative tech platform initially designed for sport coaching. They design and develop our educational platform.

Dash

Dash is the investment administration platform.
